Be recognized for your work!

Every year the Montana Contractors' Association recognizes Montana's premier projects. Winners are chosen by some of the contractor's toughest critics - a group of experts who are also their peers in the industry - and judged on a number of criteria, i.e. meeting the time frame of the project, the difficulties and uniqueness of the project and the safety of the project.

When applying for the 2011 Excellence Awards, read the application carefully. Document the progress of the project with photos. Digital files will only be accepted at 300 dpi (PDF, jpg, tiff or eps.)

Applications for 2011 Excellence Awards may be requested by calling the Montana Contractors' Association, at 406-442-4162. Or log on to the MCA website at www.mtagc.org.
