

ASSOCIATES, CONCRETE AND EDUCATION FOUNDATION COMBINE TO AWARD SCHOLARSHIPS

THROUGH THE EFFORTS OF THE MCA'S ASSOCIATES AND CONCRETE DIVISIONS, ALONG WITH THE MCA EDUCATION FOUNDATION, THE MCA WAS ABLE TO DISPERSE \$33,000 IN COLLEGIATE SCHOLARSHIPS! STUDENTS CHOSEN TO RECEIVE SCHOLARSHIPS ARE THOSE WHOSE PARENTS OR GUARDIANS ARE EMPLOYED WITH MCA MEMBER COMPANIES.

The Associates Division recognized 10 students this year through their Presidential Scholarship program. Of those 10 students, six scholarships went to high school graduates moving on to college, while four scholarships were given to undergrad students continuing their education. Scholarship funds are raised by the Associates through their organization of the MCA Summer Outing and their participation in the MCA Winter Convention.

Three students were chosen as scholarship recipients by the MCA's Concrete Division. Students earning these awards not only have parents or guardians employed by MCA member companies, but those companies also participate in the activities and meetings of the Concrete Division.

New this year was the awarding of eight scholarships by the MCA Education Foundation through a donation by the Yellowstone Family, a Billings area nonprofit whose mission and focus is to support families and build communities. The donation from the Yellowstone Family came by way of money raised during the 2022 Yellowstone Dig-IT Days event during the Montana Fair in Billings. Dig-IT Days is a two-day event bringing local contractors together to share the construction experience with kids and families.

Congratulations to all our MCA Scholarship recipients!
